

Liberate®

100% Active, Non-Ionic Surfactant, Defoamer

Liberate® is an uptake enhancing surfactant blend. *Liberate* is designed for use with products that recommend a non-ionic surfactant (see label for specific crop uses and rates) and contains soybean-based components that work especially well with systemic chemistry. *Liberate* provides uniform droplets allowing complete coverage and excellent control. Additional defoaming properties make *Liberate* very user-friendly.

Advantages of Using *Liberate*

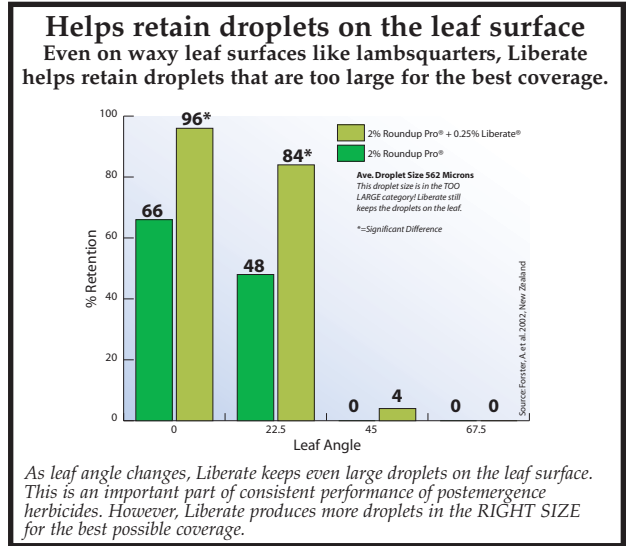

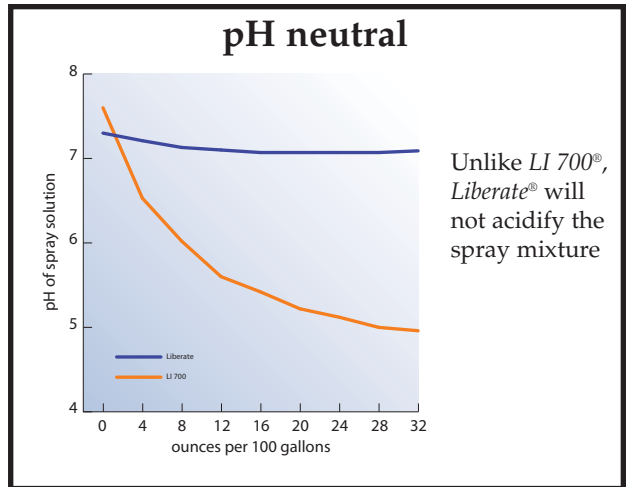

- Excellent penetration
- 100% active ingredient
- Contains soy oil derivative
- Neutral pH
- Odorless
- Excellent shelflife
- Low foaming
- User friendly
- Spreader/Penetrant
- Excellent deposition
- Increased droplet adhesion

Application Information

Apply *Liberate* adjuvant at a rate of 1.0 – 2.5 L per 1000 L spray solution (0.1 - 0.25 v/v), consult label for specific rates with products listed on the label. Follow tank mix partner labels for complete mixing instructions.

NOTE: Do not use *Liberate* on grapes.

ALWAYS READ AND FOLLOW PRODUCT LABEL DIRECTIONS AND RECOMMENDATIONS.
